King of the Mountain Arnold M. Ludwig, 2013-07-24 People may choose to ignore their animal heritage by interpreting their behavior as divinely inspired, socially purposeful, or even self-serving, all of which they attribute to being human, but they masticate, fornicate, and procreate, much as chimps and apes do, so they should have little cause to get upset if they learn that they act like other primates when they politically agitate, debate, abdicate, placate, and administrate, too. *King of the Mountain* presents the startling findings of Arnold M. Ludwig's eighteen-year investigation into why people want to rule. The answer may seem obvious—power, privilege, and perks—but any adequate answer also needs to explain why so many rulers cling to power even when they are miserable, trust nobody, feel besieged, and face almost certain death. Ludwig's results suggest that leaders of nations tend to act remarkably like monkeys and apes in the way they come to power, govern, and rule. Profiling every ruler of a recognized country in the twentieth century—over 1,900 people in all—Ludwig establishes how rulers came to power, how they lost power, the dangers they faced, and the odds of their being assassinated, committing suicide, or dying a natural death. Then, concentrating on a smaller sub-set of 377 rulers for whom more extensive personal information was available, he compares six different kinds of leaders, examining their characteristics, their childhoods, and their mental stability or instability to identify the main predictors of later political success. Ludwig's penetrating observations, though presented in a lighthearted and entertaining way, offer important insight into why humans have engaged in war throughout recorded history as well as suggesting how they might live together in peace.

The Dog Who Took Me Up a Mountain Rick Crandall, Joseph Cosgriff, 2019-10-08 The uplifting story of two unlikely mountaineers: a man in late middle age and a fearless pint-sized pup who, together, scale Colorado's highest peaks. By the time life had finished hitting Rick Crandall from all sides, he was at the lowest point of his life, both personally and professionally. Depressed to find himself facing a mid-late-life age crisis and watching his finances crumble as the tech industry bubble burst, he hopes his future isn't headed downhill. It was at this critical juncture in their new marriage that his wife Pamela made an astute and life-changing suggestion: Let's get a dog. So begins the story of Emme, a 200-pound Saint Bernard trapped in the body of 5-pound Australian terrier puppy. Soon, Emme and Rick hit the hiking trails around Aspen, Colorado. While she is groomed to be a show dog, it's soon obvious that her heart is in the hills and with Rick, who decides to add more challenging hikes to the mix. Before long, they are scaling Colorado's fourteeners, peaks with altitudes of over 14,000 feet. On one magical day, Emme climbs to the top of four fourteeners, a quarter of the sixteen such peaks she will complete during her life without once being carried on a trail or on the rocks on the way to a summit. In mountaineering Rick realizes he has found—in his late sixties—his life's new passion. This is where Emme has led him—out of the abyss and to the top of the mountain. She was never really walking behind: she was nudging him along until he found his stride. Even after Rick understood the glory of climbing, it was Emme still doing the leading, until Rick learned how to lead himself.

Master of the Mountain Cherise Sinclair, 2014-08-08 *Master of the Mountain* is, quite simply, a beautiful book. Cherise Sinclair swept me away with her perfect blending of tenderness, healing, erotic discovery, and romance. ~Joyfully Reviewed
BOOK DESCRIPTION: Rebecca thinks she is overweight and boring. Logan disagrees. When Rebecca's lover talks her into a mountain lodge vacation with his swing club, she soon learns she's not cut out for playing musical beds. But with her boyfriend "entertaining" in their cabin, she has nowhere to sleep. Logan, the lodge owner, finds her freezing on the porch. After hauling her inside, he warms her in his own bed, and there the experienced Dominant discovers that Rebecca might not be a swinger...but she is definitely a submissive. Rebecca believes that no one can love her plump, scarred body. Logan disagrees. He loves her curves, and under his skilled hands, Rebecca loses not only her inhibitions, but also her heart. Logan

knows they have no future. Damaged from the war, he considers himself too dangerous to be in any relationship. Once the weekend is over, he'll have to send the city-girl subbie back to her own world. Includes three bonus short stories.

Children of the Father King Bianca Premo,2006-05-18 In a pioneering study of childhood in colonial Spanish America, Bianca Premo examines the lives of youths in the homes, schools, and institutions of the capital city of Lima, Peru. Situating these young lives within the framework of law and intellectual history from 1650 to 1820, Premo brings to light the colonial politics of childhood and challenges readers to view patriarchy as a system of power based on age, caste, and social class as much as gender. Although Spanish laws endowed elite men with an authority over children that mirrored and reinforced the monarch's legitimacy as a colonial Father King, Premo finds that, in practice, Lima's young often grew up in the care of adults--such as women and slaves--who were subject to the patriarchal authority of others. During the Bourbon Reforms, city inhabitants of all castes and classes began to practice a new politics of the child, challenging men and masters by employing Enlightenment principles of childhood. Thus the social transformations and political dislocations of the late eighteenth century occurred not only in elite circles and royal palaces, Premo concludes, but also in the humble households of a colonial city.

The Serpent King Jeff Zentner,2017-06-06 Named to ten BEST OF THE YEAR lists and selected as a William C. Morris Award Winner, *The Serpent King* is the critically acclaimed, much-beloved story of three teens who find themselves--and each other--while on the cusp of graduating from high school with hopes of leaving their small-town behind. Perfect for fans of John Green's *Turtles All the Way Down*. Move over, John Green; Zentner is coming for you. —The New York Public Library “Will fill the infinite space that was left in your chest after you finished *The Perks of Being a Wallflower*.” —BookRiot.com Dill isn't the most popular kid at his rural Tennessee high school. After his father fell from grace in a public scandal that reverberated throughout their small town, Dill became a target. Fortunately, his two fellow misfits and best friends, Travis and Lydia, have his back. But as they begin their senior year, Dill feels the coils of his future tightening around him. His only escapes are music and his secret feelings for Lydia--neither of which he is brave enough to share. Graduation feels more like an ending to Dill than a beginning. But even before then, he must cope with another ending--one that will rock his life to the core. Debut novelist Jeff Zentner provides an unblinking and at times comic view of the hard realities of growing up in the Bible belt, and an intimate look at the struggles to find one's true self in the wreckage of the past. “A story about friendship, family and forgiveness, it's as funny and witty as it is utterly heartbreaking.” —PasteMagazine.com “A brutally honest portrayal of teen life . . . [and] a love letter to the South from a man who really understands it.” —Mashable.com “I adored all three of these characters and the way they talked to and loved one another.”—New York Times

Go Tell It on the Mountain James Baldwin,2013-09-12 One of the most brilliant and provocative American writers of the twentieth century chronicles a fourteen-year-old boy's spiritual, sexual, and moral struggle of self-invention in this “truly extraordinary” novel (Chicago Sun-Times). Baldwin's classic novel opened new possibilities in the American language and in the way Americans understand themselves. With lyrical precision, psychological directness, resonating symbolic power, and a rage that is at once unrelenting and compassionate, Baldwin tells the story of the stepson of the minister of a storefront Pentecostal church in Harlem one Saturday in March of 1935. Originally published in 1953, Baldwin said of his first novel, *Mountain* is the book I had to write if I was ever going to write anything else.
