Stacey Shubitz

Craft Moves Stacey Shubitz, 2023-10-10 How do you choose mentor texts for your students? How do you mine them for the craft lessons you want your students to learn? In *Craft Moves: Lesson Sets for Teaching Writing with Mentor Texts*, Stacey Shubitz, co-founder of the Two Writing Teachers website, uses twenty recently published picture books to create more than 180 lessons to teach various craft moves that will help your students become better writers. Each of the 184 lessons in the book includes a publisher's summary, a rationale or explanation of the craft move demonstrated in the book, and a procedure that takes teachers and students back into the mentor text to deepen their understanding of the selected craft move. A step-by-step guide demonstrates how to analyze a picture book for multiple craft moves. Shubitz introduces picture books as teaching tools and offers ways to integrate them into your curriculum and classroom discussions. She then shares different routines and classroom procedures designed to help students focus on their writing during the writer's workshop as well as focusing how teachers can prepare for small group instruction. Using picture books as mentor texts will help your students not only read as writers and write with joy but also become writers who can effectively communicate meaning, structure their writing, write with detail, and give their writing their own unique voice.

Assessing Writing, Teaching Writers Mary Ann Smith, Sherry Swain, 2016-12-23 Many writing teachers are searching for a better way to turn student writing into teaching and learning opportunities without being crushed under the weight of student papers. This book introduces a rubric designed by the National Writing Project—the Analytic Writing Continuum (AWC)—that is making its way into classrooms across the country at all grade levels. The authors use sample student writing and multiple classroom scenarios to illustrate how teachers have adapted this flexible tool to meet the needs of their students, including using the AWC to teach revision, give feedback, direct peer-to-peer response groups, and serve as a formative assessment guide. This resource also discusses how to set up a local scoring session and how to use the AWC in professional development. **Book Features:** Introduces teachers to a powerful assessment system and teaching tool to support student writing achievement. Offers a diagnostic tool for guiding students toward a common understanding of the qualities of good writing. Provides ideas for helping students learn from models and give productive feedback to peers. Illustrates ways to adjust the AWC to various grade levels and different teaching goals.
