*Understanding Pharmacology - E-Book* M. Linda Workman, Linda A. LaCharity, 2015-10-29 Pharmacology can be difficult. But with the right text, understanding drugs and how they work doesn't have to be! Using easy-to-follow language and engaging learning tools — like Memory Joggers, Clinical Pitfalls, Do Not Confuse, and Drug Alerts — the second edition of *Understanding Pharmacology: Essentials for Medication Safety* helps readers really understand how drugs work. In addition to the popular critical thinking activities from the first edition, the second edition also includes more chapter review questions, updated content, and a new organization that centers on the different body systems. For students who have a limited background in the sciences and want complete preparation for licensure exams and clinical practice, there is no better choice than *Understanding Pharmacology, 2nd Edition*! - Entire unit reviewing math, weights and measures, and dosage calculation minimizes readers' anxiety and promotes medication safety. - Clever, easy-to-recognize margin icons help visual learners remember essential side effects of drugs. - Simplified heading structure replaces intimidating terminology (i.e. pharmacokinetics) with simplified language (How These Drugs Work) to increase understanding of concepts. - Drug Alert!, Do-Not-Confuse, and Clinical Pitfall boxes highlight important tips for safe medication administration. - Memory Jogger boxes help readers remember important drug information. - Get Ready for Practice sections at the end of each chapter include key points, chapter review questions, and critical thinking activities to reinforce learning. - 10th grade reading level uses straightforward, everyday language to really enhance readers' understanding of pharmacology concepts. - Incorporation of adult learning theory features both a simple to complex organization of material along with answers to why readers need to learn something. - NEW! Body system organization helps readers better understand drugs that are specific to particular body systems. - NEW! More chapter review questions have been added to the text. All review questions are now

organized into one of two categories: Test Yourself on the Basics and Test Yourself on Advanced Concepts.

**Maternity Nursing - Revised Reprint** Deitra Leonard Lowdermilk, RNC, PhD, FAAN, Shannon E. Perry, RN, PhD, FAAN, Mary Catherine Cashion, RN, BC, MSN, 2013-11-25 Designed to meet the needs of today's students, Lowdermilk's Maternity Nursing, 8th Edition - Revised Reprint addresses the fundamentals of maternity nursing with a concise, focused presentation of the care of women during the childbearing years. Integrating considerations for family, culture, and health promotion into the continuum of care, it also addresses community-based care to emphasize that nursing care takes place in many settings. Maternity Nursing focuses on childbearing issues and concerns, including care of the newborn, as well as wellness promotion and management of common women's health problems. Critical thinking exercises present case studies of real-life situations and corresponding critical thinking questions to help you develop your analytical skills. NEW! A helpful appendix identifies text content that reflects the QSEN competencies - patient-centered care, teamwork and collaboration, evidence-based practice, quality improvement, safety, and informatics - to assist you in developing competencies to provide safe and effective nursing care. NEW! Focus on the family recognizes the nurse's need to integrate the family in the care of the mother and newborn and the importance of the role of the mother to the wellbeing of the family. NEW! Content updates throughout, including information on the late preterm infant and associated concerns such as feeding; guidelines on prioritization and delegation where relevant; and centering pregnancy, a new model of health care that brings women together in groups for their care. NEW! Evidence-based practice content focuses your attention on how to use current research to improve patient outcomes. NEW! Improved readability helps you learn more efficiently with shorter, more focused content discussions. NEW! 21st Century Maternity Nursing: Culturally Competent, Community Focused chapter combines introductory material, culture, and community into one chapter to help you focus on key content and concepts. NEW! Streamlined content highlights the most essential, need-to-know information.

*Focus on Adult Health* Linda Honan Pellico, 2012-01-11 This book is uniquely designed to prepare today's students to succeed as practicing nurses by focusing on the most important medical disorders and key nursing responsibilities. The textbook prepares students for both the NCLEX exam and for daily nursing practice by focusing on the need-to-know content. Both the text and the supporting tools include features designed to reinforce student understanding.

*Conceptual Nursing Care Planning - E-Book* Mariann M. Harding, Debra Hagler, 2024-09-17 Plan effective patient care using standardized interprofessional clinical problems and a concept-based approach! Conceptual Nursing Care Planning,

2nd Edition, shows you how to identify clinical problems, determine expected outcomes, and choose interventions — all grounded in a logical, concept-based framework. The focus on concepts gives you the big picture, helping you recognize similarities in nursing care based on physiologic concepts, as well as differences based on the needs of individuals. Written by noted nursing educators Mariann Harding and Debra Hagler, this unique book demonstrates how the use of a concept-based approach and standardized clinical problems language makes it easier to plan effective care and communicate with other members of the interprofessional team. - NEW! Graphic representation of key conceptual relationships in each chapter enhances your understanding of the relationships among patient care concepts. - NEW! Additional assessment and screening tools for key concepts such as mobility. - UPDATED! Content reflects current Giddens concepts, updated with the latest evidence to support high-quality care. - Prioritized care planning guidance organizes interventions in an assess-intervene-teach format to help identify the most important priority interventions for patients. - Conceptual nursing care plan format includes a definition of the conceptual clinical problem, associated clinical problems, common causes, manifestations, assessment, outcomes, interventions, referrals, patient and caregiver teaching, documentation, related concepts, and related clinical problems. - 69 conceptual nursing care plans are based on Giddens concepts. - Unique approach covers concepts not addressed in other books, such as health disparities, risk for perinatal problems, impaired immunity, substance use, sensory deficits, continuity of care, and the dying process. - Use of standardized nursing language throughout conveys concepts and clinical problems in easily understandable language that is commonly used in clinical settings. - Exemplars section in the back of the book lists conditions with clinical problems that might be applicable in a particular patient population (Medical-Surgical, Pediatric, Maternity, Psychiatric). - Introduction explains the components of a conceptual nursing care plan and how to use the book to create patient-centered nursing care plans. - Conceptual care map creator on the Evolve companion website helps document care planning projects and clinical assignments.

Introductory Medical-Surgical Nursing Barbara K. Timby, Nancy E. Smith, 2009-10-01 The perfect companion to Introductory Medical-Surgical Nursing, 10th Edition, this handy workbook helps students review and apply essential content from the textbook. *Gerontological Nursing* Kristen L. Mauk,2010 Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition. *Gerontological Nursing: Competencies for Care, Second Edition* is a comprehensive and student-accessible text that offers a holistic and inter-disciplinary approach to caring for the elderly. The framework for the text is built around the Core Competencies set forth by the American Association of Colleges of Nursing (AACN) and the John A. Hartford Foundation Institute for Geriatric Nursing. Building upon their knowledge in prior medical surgical courses, this text gives students the skills and theory needed to provide outstanding care for the growing elderly population. It is the first of its kind to have more than 40 contributing authors from many different disciplines. Some of the key features include chapter outlines, learning objectives, discussion questions, personal reflection boxes, and case studies.
